PHARMACY STAFF SCHEDULING

THE LEADING PHARMACY STAFF SCHEDULING SOLUTION

Schedule360™ is the chain industry leader and serves some of the biggest retail pharmacy chains in the U.S. Whether you are scheduling for store staff, floats and reliefs, technicians or hospital pharmacy, Schedule360 can help you simplify employee scheduling to save time, improve productivity, reduce labor costs and improve morale.

Schedule360 is designed to streamline and automate the process of staff scheduling for pharmacies. Schedule360 provides complete transparency between the scheduler, management and the employee in real time. It enables you to organize and report shift openings to available staff, capture time off requests and integrate electronic timesheets with payroll.

The Scheduling Solution Configured for YOU

Schedule360 is highly configurable and can be configured to fit your organization's unique needs. It can even be configured with different setups for each department or group within your organization.

Affordable Pricing

Schedule360 is available at an affordable monthly subscription and includes setup, 24/7 support and online training. It is scalable to virtually any size organization.

Schedule360
We *Know* Scheduling

Schedule360 Delivers Time And Cost Savings

Whether your operation is local or national, Schedule360 provides seamless automation to the pharmacy scheduling process

» **Optimized Staff Scheduling**
Optimize floats while managing time off requests for store staff. Easily configure multiple staffing regions or groups within large enterprises.

» **Multi-Facility Staff Sharing**
Centralize management of complex float pool scheduling for multiple locations. Schedule, share and move staff across multiple facilities to float labor pool and allocate staff where needed.

» **Last Minute Schedule Management**
Quickly backfill shifts with float staff within their store alignments and certifications

» **Real-Time Mobile Communication**
Send scheduling requests or changes to employees in real time via text message or email

» **Employee Self-Scheduling**
Allows pharmacy staff to search and accept shifts within their qualifications online via a computer or mobile device

» **Compliance Management**
Maintain union and non-union requirements with automated labor rules

» **Labor Tracking Analytics**
Monitor schedules and labor costs in real time to ensure optimal coverage for every shift and control labor costs

» **Payroll Compilation Reports**
Schedule360 can be configured to record all the complex variables associated with your payroll so you can easily compile a concise report for your payroll system or service
